CAREFULLY CHOOSING THE RIGHT FEATURES The perfect game, perfect for every play style, is one that fully meets the needs of both the solo and multiplayer modes. For solo players, features such as 3D arenas, a dungeon exploration system, and music create a high level of fun. We also have a variety of battle features that are ideal for solo players, including a number of mini-bosses that can be defeated even by beginners, along with traps that can protect you from attacks. For multiplayer players, a co-op battle system with shared character power, as well as a communication system that allows you to converse with other players in a friendly manner or directly connect with them is available. In 2002, the first action RPG he ever created, Two Hearts, was released, and the world was amazed by the amount of fantasy that appeared in PlatinumGames's games.
